

**The Interfaith and Science Exchange**

**2020 Charles H. Townes Lecture in Science and Religion**

*Sunday, November 15, 3 p.m.*

*A live Zoom lecture with time for questions.*

*Stars, Galaxies, Planets, and Life!*

*A Universe of Awe, Challenge,  
and Inspiration*

**Jennifer Wiseman**

Senior Astrophysicist,  
Goddard Space Flight Center

Program Director,  
Dialogue on Science, Ethics, and Religion  
of the American Association for the  
Advancement of Science

**Modern telescopes are unveiling an amazing universe that has matured over billions of years into a life-bearing plethora of galaxies, stars, and planets. What is the place and significance of human life within vast space and time? This talk will explore the awe-inspiring beauty and challenging mysteries of our incredible universe.**

*Free event. Reservations required.*

*RSVP to [smithmoran@earthlink.net](mailto:smithmoran@earthlink.net), specifying whether you wish to be among those asking questions, or simply part of the audience.*
